

ANUPAM MISHRA

Professional summary

I am a dedicated and innovative software engineer with over 2.9 years of experience in designing and developing robust, scalable, and high-performance applications. My expertise lies in Angular, React, JavaScript, TypeScript, Node.js and MySQL, where I have successfully delivered 5 projects, including Miles Education. My passion for problem-solving drives my commitment to crafting efficient code and finding elegant solutions to complex technical challenges. I am now seeking opportunities to apply my skills and contribute to innovative projects where I can utilize my technical expertise to drive impactful results and contribute to the advancement of technology.
